

## **DKRFC U17's SEASON UPDATE 7<sup>TH</sup> NOVEMBER 2006**

DK travelled to the home of one of the pre tournament favourites to play the preliminary round of this year's Under 17 North Mids Cup. Having reached the final on each of the previous two years without success, the lads from DK were determined to again try to grab the silverware.

A very physical encounter saw the Black Country boys produce a performance full of quality and character against a strong Worcs team.

An early penalty to DK was cancelled out by a converted try for the home side and as the game ebbed and flowed the high quality of rugby was a credit to all. Soon after DK enjoyed a fast paced move securing several phases of possession to score a well worked and richly deserved try. This made the score 7-8 to the visitors at half time.

The second half saw Dudley defend magnificently and gradually the home sides spirits were broken and again after several periods of controlled rugby the boys in blue added two more scores enabled the DK team to run out comfortable winners.

The game was a credit to Youth club rugby and all spectators were richly entertained.

Well-done boys!!

The next round sees the U17 at home to visitors Old Halesownians this Sunday

November 12th starting at 11:00 p.m.

The boys have also qualified as league winners to play in the next round of the North Mids competition and as we go to press still remain unbeaten in all games this year.
